# Reviewing data and errors found with data in the upload sheet

Errors found will be made clear with the following:

- Red bar on the left of a record – indicates an error with that line
- Red text under fields – these will give an explanation as to what the problem is with the field for you to rectify the data.

To fix errors you can:

1. Edit the specific field on screen;
2. Delete the row entirely by clicking on the red **trash can** icon on the left of the record
3. Choose to make changes to the spreadsheet itself and re upload. To cancel the upload, click the 'x' in the **Upload CPD Activity** field shown below..

## Other troubleshooting checks

For any other errors please check your spreadsheet for the following

1. Rows 1 and 2 are deleted
2. Field header row exists
3. All mandatory fields exist
4. There are no strange entries in any field outside the main area
5. There is only one tab within the upload sheet – the **Summary** tab should be deleted.
6. The sheet tab is labelled Data Upload
7. Interactive field must be Yes/No **not y/n**
8. Date fields = dd/mm/yy
9. Times should be in time format. Right click the field > format cell.

10. No missing IDs
11. If inputting events, then the publication fields should be blank
12. CA field that are not applicable should be blank.
